(let's face it) the

so...

I admire its restraint,  
discipline and dignity.

too many citizens of  
late are without a  
requisite measure  
of shame.

I also enjoy  
its fancy dress

and its  
"blinking-eye"

"I don't think you've seen anything quite like this before... I have no idea where Jamie's coming from, but I like where he's going."

- Evan Dorkin

"In the insular world of the worthy minicomics auteur, Jamie Tanner is Steven Wright in a room full of Carrot Tops. Simply the driest, cleverest fellow in the room."

- *The Comics Interpreter*

"This guy is definitely one to watch."

- Rich Watson, *Comic World News*
