"Pulpatoon" is a medieval  
word for a savory pie of  
pressed meat or vegetables.  
It has nothing to do with  
comics, or old magazines,  
or even this story. But it  
sounds neat, doesn't it?

Thanks to Kim, who, back in the day,  
encouraged and cajoled me  
when I needed it most.

And many thanks to Chris Pitzer  
for wrapping my pig in such a pretty poke.

**- Joel Priddy**

Thanks to Kelly Alder, Ted Adams &  
Jeff Mason for your help in getting it going.  
Thanks to Joel for letting me play in his sandbox.  
And thanks to Lisa.
